GOOGLE SLIDES TEMPLATE

MILD, MEDIUM, SPICY CHECK

google slides template

DESCRIPTION:

This is a google slides template for teachers to display their leveled problems (mild, medium, and spicy) for CYU (check your understanding) problems. The template is one slide but you can copy it multiple times for each lesson or copy the slide into a separate google slides presentation.

Different Levels and Meanings

- Mild: lowest level of problems
- Medium: grade/standard level problems
- Spicy; highest level of problems - extension questions

You will need to add your own textboxes to add your questions. If many of your questions/problems you will make involve equations you will need some sort of add-on or to download as a powerpoint in order to type your equations.

RESOURCE DIRECTIONS:

1. Download the digital resource to your Google Drive by [clicking this link](#).
2. When you click on the link, a screen will appear. Click "**Make a copy**".
3. Then you are free to type your questions and display for students. You could also just write the questions on the board while this is projected.
 - Once you have finished your questions I recommend sharing the completed file or a picture of it on google classroom or some other platform.
 - If on google classroom you could create a material that students can view only.
 - If sharing with students on another platform you can share within your classes and grab the view only link. You could also download the finished slide with your questions on it as a .png (File -> Download -> PNG Image) and then just upload the picture to your learning platform.

Thank you for purchasing this product!

I hope you find the product useful in your classroom. Please consider leaving a review in my [TPT store](#). You are also free to email me at missdelongmath@gmail.com with any questions or comments.

TERMS OF USE

LICENSING TERMS:

By purchasing this product, the purchaser receives a limited individual license to reproduce the product for use within their classroom. This license is not intended for use by organizations or multiple users, including but not limited to school districts, schools, or multiple teachers within a grade level. This license is non-transferable, meaning it can not be transferred from one teacher to another.

If other teachers in your department would like to use this product, additional licenses can be purchased from my [TPT store](#). If your school or district is interested in purchasing transferable licenses to accommodate staff changes, they may contact me at missdelongmath@gmail.com for a quote.

COPYRIGHT TERMS:

No part of this resource may be uploaded to the internet in any form, including classroom/personal websites or network drives, unless the site is password protected and can only be accessed by students. If uploaded inappropriately it is a violation of the Digital Millennium Copyright Act (DMCA).
